

Junior Ten Tors 2017

On Friday 9th June, Oakwood's Ten Tors Team set off to complete this years challenge. They began their journey at Cadover Bridge and the children expertly navigated their way to Princetown climbing 6 tors on their way. The children encountered various wildlife and many trip hazards! When they arrived at Princetown they had the tricky task of putting their tents up, cooking their dinner and building a fire!

The children entertained the other 12 schools, around the campfire, with stories of their day and tales of 'Ducky' or 'Mr Quackers' our team mascot! As darkness came the tired team finally got into bed came in order to rest for day 2.

Unfortunately the lovely weather we had on day 1 did not continue for day 2. The children managed to cook their bacon butties in the dry but had to take their tents down in the rain. The rain didn't stop the team as they began their walk and they accomplished the last 4 tors in high spirits despite the awful weather! The team were brilliant and were a real credit to the school, their team spirit, laughter and co-operation made it another fantastic year. Well done to you all!
