Friday 25th September 2020

Dear Parents/Carers,

Over the last few weeks, we have been working to ensure that we continue to provide access to education for all children during these unprecedented times. As you know, we used the ESchools platform to complete home learning during lockdown, which proved to be very successful. We are going to continue to use this platform should your child be at home self-isolating or there is a situation where we need to send a bubble group home.

From Monday 28th September, Elearning will be uploaded to your child's class homepage, which will explain the learning for the week, including: English (Reading, Writing, Phonics, Spelling and Grammar), Maths, as well as Theme learning tasks. To ensure that all children are accessing the same learning and curriculum expectations, the Elearning will mirror the learning happening in school. Each teacher, will provide links and resources to support your child with their learning at home. They will also be available, via messages, should your child need further support whilst working at home. At the end of each week, your child's learning should be shared with their class teacher via messages.

Over the coming days, your child's teacher will ensure that they have an opportunity to revisit the platform and remind them how to navigate it. If your child doesn't have their ESchools password, their class teacher can provide these details in school. For children who are new to the school, a letter will be sent to you shortly to explain how to access the ESchools Platform.

We hope that you will continue to support us with your child's learning as we continue through these unusual circumstances.

Kind Regards,

Mrs Catherwood
Assistant Head of School
