

Term 3 and 4 - Marvellous Moments in Badger

Badger class loved coming to school dressed as their favourite book characters. They had a fantastic book themed day! During the morning, we had a brilliant book assembly hosted by Miss Trunchbull featuring an exciting costume parade. We also guessed the teacher's favourite books and thought about where, when and who we could share books with. For the rest of wonderful world book day, Badger class completed a book quiz and watched an inspirational author video. We finished the day with a

lovely parent sharing book session with children enjoying time reading some of fiction and non-fiction books with their parents in the classroom. It was a fun-filled day which was enjoyed by all!

Badger class did a Crest award for STEM week called 'Sneaky Shadow'. We used black paper and cut it into characters for our puppets. We got a lollipop stick and attached it to the puppet. Then we explored making shadows with light sources such as torches, bulbs and sunlight. We found that shadows are formed when an object blocks a light source or the sun. We even went outside to investigate how our bodies create shadows. We had fun looking at shadows and then we used our shadow puppets to create stories.

This term Badger class have been inspired in their writing and have produced fantastic pieces of poetry and riddles. We showcased our learning by performing a poetry recital in our outdoor amphitheatre. Each child came to the stage area and read their favourite piece that they had written this term. We even got to guess some animals from the clues in the riddles that children had written. We gave each child a round of applause and gave them 2 stars and a wish for what they did

well and an 'even better if'. Well done Badger class on your brilliant speaking and listening skills.

We were delighted when we got a visit from our local artist Brian Pollard. We showed him our paintings of the Hoe that we had created and he even signed them for us! He gave us an art masterclass in how he creates his paintings and gave us some advice for how to become painters. What an exciting afternoon!
