

Term 3 and 4 - Marvellous Moments in Hedgehog

During Terms 3 and 4 Hedgehog class hosted the Devon and Cornwall Fire Brigade. The children learnt about how to keep safe in their homes by putting things away, not over loading sockets and being careful with liquids. They also learnt about the importance of fire alarms and what they should do if they hear one. They watched a video about playing with fire and discussed the characters mistakes during the story.

During term 4 we were incredibly privileged to welcome the Plymouth based artist, Brian Pollard into school. He spent an afternoon with KS1 and showed them how he created his pictures, how long they took to create and what some of them are worth. He then agreed to sign all the children's artwork. Some of this is now displayed around the school. It was a fantastic experience and the children were brilliantly behaved and asked thoughtful questions.

In STEM week the children completed another of their Crest Award science challenges. They were challenged to create a sand timer of their own using cups and sand. They were asked to make a timer that lasted exactly 1 minute, not an easy task! The resilience shown was fantastic and there were some great attempts when trying to get as close as possible to 1 minute.
