

Term 3 and 4

Marvellous Moments in Willow

Year 4 had a great day participating in Number Day. Many of the children came to school dressed in mufti with a mathematical theme. They enjoyed taking part in a Times Table Rockstar tournament, mathematical games, and they all created vivid art work using a variety of shapes.

As well as Number Day, children in Willow Class thoroughly enjoyed taking part in World Book Day. Many children made a fantastic effort to dress up as their favourite book characters. Excitement levels peaked in the afternoon when the children had a chance to share their books with parents and other children in different classes. The children also enjoyed using the outdoor area to inspire their descriptive writing.

The highlight of terms 3 and 4 for most of Willow Class was our class assembly. The children worked very hard to write the playscript which was based on a scene in the Iron Man and they loved performing in front of the school. It bought them many laughs and a sense of achievement which made them feel very proud of their efforts as a group and individuals.
